

HEPATITIS (viral) - Not Otherwise Specified

Refer to the MoH Communicable Diseases Manual 2012¹

The chapter in the MoH Communicable Disease Control Manual 2012 on Hepatitis–Not otherwise specified, incorporates brief guidelines for managing hepatitis D, E and G and recommends consulting ESR and an Infectious disease physician for advice in several areas. C&PH have separate protocols for hepatitis D², E³ and G⁴ that incorporate the guidelines from the MoH’s manual along with information from other references.
